The training „IMDS/REACH – checking, analysing and creating of materials” is recommended if you would like to improve your data quality.

Training method

Presentation with practical exercises.

Participants

You are confident with all classic functionalities of the IMDS and you would like to be informed about current changes and possibilities to find out optimisation potentials. Additionally your main focus is the fulfilment of customers' requirements.

Requirements

Basic knowledge in the use of PC's and the internet as well as good knowledge of the IMDS-application.

Training duration

1 day, from 9 a.m. to 5 p.m.

Maximum number of participants: 12

Personal training licence

In our trainings you work on the special training system of EDS. Additionally you receive a cost-free ID for a personal training licence valid for 4 weeks after the training.

Certificate

As a participant of our authorised IMDS-trainings you receive a personal certificate to prove your IMDS-qualification.

Training documents

You receive a personal exemplar of the presentation that is used in our training as well as a personal exemplar of the especially developed IMDS-expert information. These documents can also be ordered for 40 Euro/apiece (net) by persons who do not participate at our training. Further information can be found in our download-area in the internet.

Public training

Current prices and dates can be found on our internet site www.imds-professional.com.

Exclusive training

You can also book this training exclusively. Then we would charge a daily fee. Your advantage: You set time, place and number of participants. If preferred we also take over the whole organisation for you.

We also provide you with our room facilities, IT and media. If preferred, we also take care about service and catering.

Please request your personal offer:
